Dear Dr. Gilmore,

Thank you for your participation in the 2004 *Girls to Grandmothers: Everett's Premier Women's Wellness Festival*.

Event organizers as well as attendees appreciated your informational and educational booth and bone density screenings. That service was highly regarded at this event.

We hope the event provided you an opportunity to meet people in the community. We have included some of the event's publications.

Thank you again and we look forward to you joining us at next year's *Girls to Grandmothers*.

Warmest Regards,
