Dear Dr. Jason,

Thank you so much for agreeing to present a workshop at the Chamber's recent Health & Wellness Showcase. Although attendance was far lower than we had anticipated, we do feel the event was a success in many ways, including the variety of subjects we were able to cover, and the caliber of our presenters.

We still consider the rising costs of health care in our state to be a critical issue that needs to be addressed. Thank you for being part of our process to seek solutions.

Your support of the Chamber is greatly appreciated.

Sincerely,

Kathy Jacobson
Events/Communications Coordinator
