Dear Dr. Gilmore,

Thank you sincerely for the wonderful job you did on the "Your Body, Your Baby" seminar you conducted this week in our store. I have heard compliments from the attendees that you were quite knowledgeable, friendly, and easy to follow.

In addition, your attendance at our Celebrating Motherhood baby fest was helpful and informational for all of our guests as well.

Chiropractic care for expectant mothers and newborn babies is a topic that several of our guests have asked about but we were never quite sure where to send them to get the right information. Now having worked with you and your staff we are comfortable referring our guests to your office because of the level of professionalism and friendly demeanor that you possess. I look forward to working with you in the future and thank you again for all of your help and hard work.

Sincerely,
